Dear Conshohocken Residents,

There were many noticeable changes made to the Conshohocken Community Center in 2019! The lobby, activity and studio spaces were painted to refresh the overall interior of the building, and updates continue to be made as needed. One of the most notable renovations to the Community Center was the installation of new flooring in the lobby, office and activity space areas.

Construction to replace the flooring began in October 2019 and was completed the first week of November. The lobby entranceway and office flooring was resurfaced with new tile and the flooring in the activity space was replaced with new carpeting.

The renovations to the Community Center have been extremely positive and well received. It has also brightened up the facility. When members and program participants walk in there is that wow factor now. It makes them want to come back.

Stop into the Community Center at the Fellowship House today to see some of the changes mentioned above. We’re located at 515 Harry Street, Conshohocken, PA 19428. More updates and renovations to the Community Center are expected in 2020.

Sincerely,

Lauren Irizarry
Director of Recreation Services
